

Tim Chebunin

Product designer with 4 years of experience launching, redesigning, and supporting digital products. Currently working in a Growth team, combining my design expertise with my experience in marketing, development, and product management to deliver measurable results.

PROFESSIONAL EXPERIENCE

Senior Product Designer at PandaDoc

Oct 22 – Present

As one of the key members of the Growth team, I'm driving the development of product features and experiences that align with both company objectives and user needs by working collaboratively with cross-functional teams, including Product Management, Engineering, and Research. Additionally, I contribute to product planning and roadmap development as well as discover new areas PandaDoc can eliminate bureaucracy in the workplace.

Product Designer at PandaDoc

Apr 21 – Oct 22

In my role as a Growth Team member, I actively assisted established users in discovering valuable features and aided new users in understanding how our platform could simplify their daily lives. My contributions have led to significant advancements in the company's acquisition and activation metrics, resulting in elevated team performance and overall organizational success.

PandaDoc is document workflow automation platform with more than 50,000 customers internationally.

UX Designer at EPAM

Nov 18 – Apr 21

I have had the privilege of revamping a web-based B2B product for a leading multinational mass-media corporation and contributed to the development of apps for IoT devices for a smart city startup, as well numerous successful small projects. In a team setting, I played a pivotal role in creating EPAM Anywhere from scratch.

EPAM is the largest consulting and custom software agency in Belarus, with 60,000+ engineers across the globe.

Freelance Experience Designer

May 18 – Nov 18

I designed websites and applications for small to medium-sized businesses in Belarus. In parallel, I've also designed and developed an app for product managers — prodcalc.app. In an effort to broaden my horizons, I also took the role of a product manager for a month to gain invaluable insights into the field.

I worked as a PM for a small company called Big Data Technologies.

Designer and Content Strategist at Itransition

Apr 14 – May 18

I worked on a wide range of corporate websites, case studies, presentations, brochures, and other marketing materials. I have also played a key role in optimising internal business processes and guidelines, and creating products for marketing and sales departments. Additionally, I have provided design training and supervision for copywriters, sales, and marketing managers to ensure consistent branding and messaging across all communication channels.

Itransition is an IT outsourcing company from Belarus.
